

## Letter Page Orientation List

Refer to this chart to determine the 1" linen overhang placement.

On the Left	On the Right
A	B
C	D
E	F
G	H
I	J
K	L
M	N
O	P
Q	R
S	T
U	V
W	X
Y	Z

## FUSING TIPS:

- Follow the manufacturers instructions when fusing to determine the recommended heat level of the iron.
- Use fusible web with a paper backing and reverse the template to outline motifs on the paper backing side after fusing, thereby eliminating the need to place and pin templates.
- Prewash and dry the fabric and towels to remove sizing, eliminate dye running and reduce shrinkage.
- Choose a heavyweight, permanent fusible web when adhering a lightweight fabric to a high-loft pile fabric.
- Always test-stitch using similar fabric weights to familiarize yourself with the decorative stitches on your machine and anticipate where the needle will swing.

**Find the instructions to compile all of the pages and finish binding the complete book in the June/July 2013 *Sew News*. Download the digital issue or purchase the issue at [www.shopsewitall.com](http://www.shopsewitall.com).**
